# Cloud*at*Work + sage

$ Sage Partner Cloud Fund:

WE'RE INVESTING IN YOUR BUSINESS

Moving your Sage application to the Sage endorsed Cloud at Work hosted environment will earn you a credit applied to any invoice or project with your Sage Business Partner.

THE SAGE CLOUD CREDIT: HOW IT WORKS

Sage Users who subscribe to Cloud at Work hosting for a minimum of 24 months will receive a credit to be spent with their Sage Business Partner on any project: new software, upgrades, migrations, support etc.

A 10-user Sage client selects to move ahead with Cloud at Work for Sage hosting

→

Cloud at Work quotes $1,000 per month for 24 months and includes a redeemable certificate for $2,850 to be applied to any project with their Sage Business Partner.

→

Client Receives $2,850 and applies it to their Sage Business Partner on a current open invoice or future project

*Figures in this example are used for illustration only. Actual Credit amount will increase or decrease based on hosting cost per month.

CLOUD AT WORK - SAGE CLOUD HOSTING

If your organization is ready for the cloud but not ready to change your on-premise Sage ERP system – Cloud at Work is the Sage hosting option for you. This Sage-endorsed cloud hosting solution takes all the work out of running, maintaining & backing up your critical Sage software so you can focus on running your business & not worry about running your system.
